Why us?

Dance Coaching Australia is a boutique dance studio all about quality over quantity. We treat each of our clients equally, providing them with the best dance education possible. Our Artistic Director, Amanda Day is a post-grad university qualified dance teacher (Grad Dip Ed Dance ECU, BA Dance WAAPA, Dip Dance Teach RAD) with over 18 years experience. With two children of her own, she understands the importance of raising children in a positive, encouraging environment and also the importance of life-long learning, ensuring the adults in our community are catered for too. Supported by Sarah and Melanie, both ex bank managers who manage the business side of things, we are all Mandurah mums, who have lived here for over 33 years and are excited to be able to establish Dance Coaching Australia in our home town!

We are a family friendly, welcoming, transparent business and look forward to hosting you at the studio soon for a party!
